CLOSING CEREMONY

ABOUT US

Founded in 2014, Ashoka University is a prominent liberal arts institution located in Haryana, India. It provides a broad educational experience that encompasses liberal, multidisciplinary, and interdisciplinary studies across 20 departments. The university emphasizes curiosity, social impact, and inclusivity. Supported by a network of more than 50 distinguished founders, Ashoka is dedicated to shaping future leaders and scholars for contemporary challenges.

WiCS@Ashoka

The Women in Computing Society (WiCS, est. 2016) at Ashoka University is dedicated to making the STEM and CS fields more accessible to women and non-cis male individuals. Our mission is to promote diversity in tech by focusing on community building and advocating for inclusive STEM spaces. We have collaborated with Teach for India and others in pursuit of our mission of empowerment. We conduct skill-building workshops, mentorship sessions, and alumni events to empower students at and around Ashoka University.

WiCSCon 2024

tech, with a purpose.

WiCSCon stands as the **nation's first student led conference** uniquely focused on **inclusivity and accessibility within the Computer Science field**. It seeks to highlight discussions around inclusive design, intersectionality in tech, career development, and innovation through diversity to foster community building.

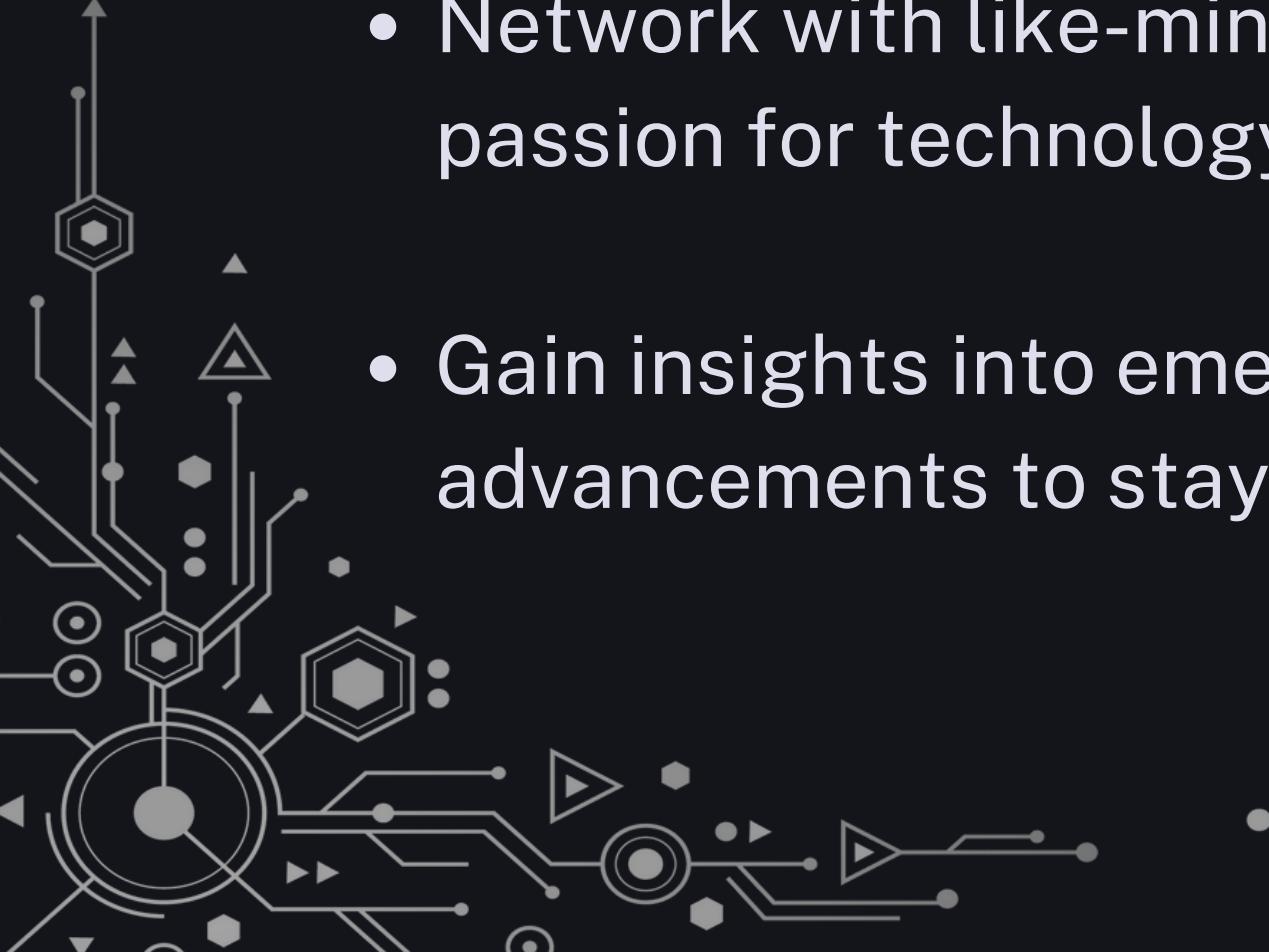

OUR PURPOSE

- Bring together **professionals, academics, and students** through a series of panel discussions, workshops, presentations, and networking opportunities
- Share the latest **research, insights, and technological solutions** to cultivate a space where accessibility is prioritized and interdisciplinarity is appreciated
- **Fuel innovation** through diversity

Why WiCSCon?

- Engage, collaborate and build a new generation of tech innovators who promote inclusivity and ethical solutions in technology
- Network with like-minded peers and mentors who share your passion for technology and inclusivity
- Gain insights into emerging technologies and industry advancements to stay ahead of the curve
